

# Provide WiFi Referral Program

At Provide WiFi, we've built our business on great connections, both wireless and human. When a partner, client, or friend takes the time to recommend us, that means a lot. You're helping us do what we do best: keep events and businesses connected without compromise.

**To show our appreciation,  
we've launched the Provide  
WiFi Referral Program.**

When your referral becomes a new client, **you'll receive a thank you reward equal to 10%** of the total deal value, paid 30 days after the deal closes.

## Here's how it works:

- 1 Share Provide WiFi with an organization who could benefit from reliable, high-performance connectivity.
- 2 If they become a client, you get rewarded.
- 3 Everyone stays connected, and that's something worth celebrating.

**Start referring today and help us make more great connections together.**

Go to [providewifi.com/referrals](http://providewifi.com/referrals) to submit your referral.
